

AMENDMENTS TO THE DRAWINGS

Please add the enclosed drawing sheet 7/7, labeled "New Sheet", to the existing sheets presently in the case.

Figure 5A is added to overcome the objections to the (original) drawings under 37 C.F.R. 1.83(a) pertaining to non-depiction of the features of claims 11 and 12.

Claims 1, 3, 5 – 10, 31 – 35 and 37 are rejected under 35 U.S.C. 102(e) as being anticipated by Wu (U.S. 6,747,608).

Claim 4 is rejected under 35 U.S.C. 103(a) as being unpatentable over Wu.

Claims 29, 36, 44 and 45 are rejected under 35 U.S.C. 103(a) as being unpatentable over Killen et al. (U.S. 6,806,843) in view of Wu.

REMARKS

Upon entry of this amendment, claims 3 – 12, 14 – 27, 29, 31 -34, 36, 37, 39, 40, 42, 43, and 46 - 49 will be pending.

The Applicants appreciate the Examiner's continued attention and consideration.

The drawings are objected to under 37 C.F.R. 1.82(a) for failing to illustrate "the three-dimensional volume partially or entirely encapsulating the antenna" as specified in claims 11 and 12.

New sheet 7/7 containing Figure 5A corrects this oversight by depicting a device identical in all material respects to that of Figure 5, with the sole exception that the antenna 502' is partially or entirely encapsulated within a three-dimensional volume formed by surfaces 501'a – 501'f.

No new matter has been added inasmuch as all of the elements of new Figure 5A were depicted or described in the original specification. Refer drawing Figure 5, specification paragraph [0030] and claims 11 and 12, inter alia.

For the sake of case structure and form, new specification paragraphs [0017.1] and [0030.1] have been added to provide a reference to the new drawing figure. However, no new matter has been added.

Accordingly, it is requested that the objection to the drawings be withdrawn.

The Applicants acknowledge the Examiner's withdrawal of allowance of claims 1, 3 – 12 and 31 - 37 in view of the newly discovered reference to Wu (U.S. 6,747,608).
